A Comprehensive Guide for Bird Enthusiasts

"An Illustrated Colour Text" is the ultimate guide to the birds of the world, featuring over 1,500 species from every continent. Each species is meticulously illustrated with stunning color photographs, providing a clear and detailed representation of their plumage, markings, and physical characteristics.

The text accompanying each illustration is both informative and engaging, providing detailed descriptions of each species' habitat, behavior, and vocalizations. This combination of visual and written content makes "An Illustrated Colour Text" an invaluable resource for both novice and experienced birdwatchers.

Immersive Illustrations and Detailed Descriptions

The illustrations in "An Illustrated Colour Text" are not just aesthetic; they are essential for accurate identification. Each photograph is carefully chosen to showcase the distinctive features of the species, including size, shape, and coloration. The detailed descriptions complement the illustrations, providing additional insights into the species' behavior, habitat, and vocalizations.

For example, the illustration of the American Robin vividly captures its bright red breast, white belly, and dark back. The accompanying text

describes the bird's characteristic "cheerily cheer-up" song, its preference for open woodlands, and its diet of fruits, insects, and worms.

Organized for Easy Reference

Finding the bird you're looking for is a breeze with "An Illustrated Colour Text." The species are organized alphabetically by family, making it quick and easy to navigate the book. Each family is introduced with a brief description and a list of the species it includes.

The book also features an extensive index, allowing you to quickly find any bird by its common or scientific name. This user-friendly organization ensures that you can spend more time enjoying the birds and less time searching for them.

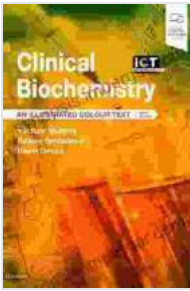

A Perfect Gift for Bird Lovers

If you know someone who loves birds, "An Illustrated Colour Text" is the perfect gift. This beautifully crafted book will be treasured by bird enthusiasts of all ages and skill levels. It's a comprehensive reference, a stunning coffee table book, and a source of endless fascination for anyone who loves the natural world.
