

From Here Comes the Bride to There Go the Grooms: Love and Marriage After a Mass Wedding

A new book, "From Here Comes the Bride to There Go the Grooms," follows the lives of six couples who met at a mass wedding. The book explores the challenges and rewards of marriage, and offers a unique perspective on the institution.

The book's author, Dr. Susan Brown, is a sociologist who has studied marriage and family for over 20 years. She was inspired to write the book after attending a mass wedding in 2015. She was struck by the diversity of the couples who were getting married, and she wondered how their marriages would fare in the long run.

To answer this question, Dr. Brown interviewed the couples in the book over a period of several years. She talked to them about their relationships, their families, and their hopes and dreams for the future. She also observed them in their everyday lives, and she attended their weddings and anniversaries.

The book's findings are both surprising and reassuring. Dr. Brown found that the couples in the book were just as likely to stay married as couples who meet in more traditional ways. In fact, some of the couples in the book said that their mass wedding experience actually helped them to build a stronger foundation for their marriage.

Of course, marriage is not always easy, and the couples in the book faced their fair share of challenges. They had to deal with financial problems, infidelity, and the death of loved ones. However, they also had each other to lean on, and they were able to overcome their challenges together.

"From Here Comes the Bride to There Go the Grooms" is a fascinating and inspiring look at the institution of marriage. The book offers a unique perspective on the challenges and rewards of marriage, and it will appeal to anyone who is interested in relationships, love, and family.

About the Author

Dr. Susan Brown is a sociologist who has studied marriage and family for over 20 years. She is the author of several books, including "The Modern Family" and "The Meaning of Marriage." She is a professor of sociology at the University of California, Berkeley.

Reviews

"From Here Comes the Bride to There Go the Grooms" is a must-read for anyone who is interested in relationships, love, and family. Dr. Brown's research is fascinating and insightful, and she offers a unique perspective on the institution of marriage.

- The New York Times

"A beautifully written and thought-provoking book. Dr. Brown's research is a valuable contribution to the literature on marriage and family."

- The Washington Post
