In her groundbreaking book, *Notes on Learning While Leading Health Equity in America*, Dr. Rhea Boyd, a leading expert in health equity and leadership, provides a comprehensive and inspiring guide for healthcare leaders who are committed to advancing health equity.

Through a series of personal reflections, practical strategies, and real-world examples, Dr. Boyd shares her insights on the essential qualities and skills that effective health equity leaders must possess. She emphasizes the

importance of cultural humility, empathy, and a deep understanding of the social determinants of health.

Dr. Boyd also provides a roadmap for creating a more just and equitable healthcare system, outlining the key steps that leaders can take to:

- Identify and address health disparities
- Promote diversity and inclusion
- Advocate for policies that support health equity
- Build a culture of respect and accountability

With its powerful blend of personal narrative, practical advice, and thought-provoking insights, *Notes on Learning While Leading Health Equity in America* is an essential resource for healthcare leaders who are committed to making a difference in the lives of all Americans.

## **About the Author**

Dr. Rhea Boyd is a nationally recognized expert in health equity and leadership. She is the founder and CEO of the Boyd Group, a consulting firm that provides strategic guidance to healthcare organizations on how to advance health equity. Dr. Boyd is also a clinical professor at the University of California, Berkeley, School of Public Health.

Dr. Boyd's work has been featured in numerous publications, including *The New England Journal of Medicine*, *The Lancet*, and *Health Affairs*.
